- Sinhala

SUMMARY

Full Stack Developer with experience in creating user-friendly applications using Next.js, React.js, and React Native. Skilled in Tailwind CSS and MERN stack. Interned at Sri Lanka Telecom for 6-months.

WORK EXPERIENCE

Software Developer Intern

Sri Lanka Telecom Head Office | 2024/03 - 2024/09

- Developed and maintained web applications using Next.js , React.js and React native.
- Implemented responsive UI components with Tailwind CSS and TypeScript.
- Collaborated with a team to design and optimize scalable frontend solutions.
- Worked on enhancing user experience and fixing bugs to improve application performance.

PROJECTS

Note-Taking Application (React Native Expo)

- Features: Add, update, delete, search notes, pinning notes, image upload.
- Developed a responsive UI for all mobile devices.
- Created a professional presentation showcasing key features and challenges.

Delivery Service Management System (MERN Stack)

- Branch Management
- Customer Management
- Rider Management
- Order Management
- Real-time Order Status Notifications
- Order Bill PDF Generation
- Automatically generate detailed order bills in PDF format.

Portfolio Website (Next.js)

- Developed a fully responsive portfolio website to showcase personal projects and skills.
- Integrated Tailwind CSS to build clean, responsive layouts with mobile-first design.
- Incorporated animations and FontAwesome icons to enhance user interaction and visual appeal.
- Deployed the website on Vercel
